NO MORE MINORITY RULE. How many people who are not legal to vote have tried to vote? Give me a number, NOW, since you feel that it's so much more important than helping people to vote. If you care so much about illegal voting then why this REPUBLICAN OPERATIVE Leslie McCrae Dowless Jr., caught red-handed forging votes, still free?: Leslie McCrae Dowless Jr: is an American political operative and convicted felon from the state of North Carolina. Dowless's actions were at the center of a fraud investigation following the 2018 North Carolina's 9th congressional district election. REPUBLICANS bailed out this guy and he's still free to CHEAT CHEAT CHEAT. Yet Texas AG Ken Paxton tries to make an example of poor women of color by imprisoning them for voting when they had a felony conviction and didn't realize that they weren't allowed to vote. I wonder if her felony conviction was even fair. Is it fair that we have an indicted AG? Quit trying to choose your voters and start to serve Texans so that they want to vote for you. We saw how WHITE SUPREMACISTS in Georgia try to disenfranchise people of color and we won't stand for it in Texas even if we happen to be white ourselves. Smell the coffee: People of Color ARE the majority in much of Texas. They deserve respect, not opposition, from the people elected to serve. The whole world is watching and we are embarrassed that our officials are still exploiting People of Color. Are you THAT afraid that you can't win without cheating?

Support : If Texas Voter Rolls had been maintained over the last 50 years, voter fraud would be minimal. The more people on the rolls who don't belong there mean an abundance of voter registrations sent to addresses no longer occupied by the voter. How many times do you think that people move in our mobile society - pre-COVID?
When the rolls are not clean, when the voter is behind in changing his/her addresses, voter registration cards, early absentee voting applications etc. are sitting in boxes unattended, waiting for the "harvester." Mail in fraud is rampant. Where is the identification? During the days of Obama, a federal case VC vs Perry stated that vote fraud takes place in abundance with the absentee voting. We have seen that in 2020 as rules changed in the middle of the "game."

please vote this bill favorable out of committee. I am for this bill and I would like to see it passed to help restore faith in our voting system. If people are breaking the law and misusing the voting system there must be accountability.

Please pass this bill. Every illegal vote disenfranchises a legal one.
